MISS CARRIE EUGENIA GLENN, PRIMARY SUPERVISOR

Gastonia, North Carolina

September 9, 1925.

Mr. W. F. Credle,
Raleigh, N.C.

Dear Sir:-

The former Ranlo school building was burned because of a shingle roof as in an extremely dry spring the old shingles caught fire from sparks and the house was burned. I am, therefore, loath to put shingles on the new building.

I am offered at the same price a good composition shingle and I want to know if you will pass the house with this shingle on it instead of a wood shingle. I enclose a letter from John L. Beal specifying the shingle we purpose using.

Kindly let me hear from you on this at once and greatly oblige.

Sincerely yours,

F. P. Hall
